### The Scoop

By Sharyl Ingham

Happy Heart Month! February is American Heart Month where we should all learn, if we haven't already, how to take care of our hearts to prevent heart disease. This seems more important now than ever since the COVID-19 pandemic. So as part of the awareness, I am challenging every member to start walking during this month and tracking your minutes. I think this would be a *healthy and simple* activity. Here is my idea of how this will work. First, send me an e-mail letting me know if you want to participate and then everyday just send me an e-mail letting me know how many minutes you walked that day. I will keep a log and at the end of February (thank goodness it

is a short month) publish the results. Upward and onward. Thanks in advance for signing up.

At our January meeting my question of the evening proved to me that we, the Chapter, can have a mini-Cars and Coffee event with the variety of interesting vehicles that you all have to display. In any case, this might be a fun event where everyone can show what other vehicles you have in your fleet.

This is our 11<sup>th</sup> month of the pandemic (anybody else keeping track?) and I am so happy to hear that many of you are starting to get your vaccine appointments. This is a start, but again it is still up to us to protect each

other by continuing to practice the 3 W's that we have done throughout this pandemic.

Attending events is an individual decision and is dependent on our comfort level. The NCRS Board has given the Chapter guidelines to follow when we will start meeting in-person once again. Just know that nothing is going to be the same as what we previously did. And as a heads up at our Spring Meet in Suisun City, it will be mandatory to wear a mask and absolutely no handshaking. I haven't spoken to the hotel yet so they, too, may have other restrictions for us to follow as well.

The wheels are in motion for the Convention, starting February 1<sup>st</sup> registration goes live online. This will be the first time the National Convention Team will work together as a team. The difference is that no one Chapter is hosting the National, it will be a collaborative team effort of volunteers that provide the manpower to make the Convention a success. We look forward to you signing up to volunteer.

Although this is a short month, here are some dates to remember:  
February 2<sup>nd</sup> is National Wear Red Day (Always the first Friday in February) where we should wear **RED** to increase the awareness of Heart Disease, aka the "Silent Killer"; February 2<sup>nd</sup> is also Groundhog Day; Chinese New Year, the Year of the Ox, is February 12<sup>th</sup>; Valentine's Day is February 14<sup>th</sup>; and President's Day is February 15<sup>th</sup>

On behalf of the Chapter, best wishes to those members celebrating birthdays this month, starting with Linda Barr, February 1<sup>st</sup>; Bob Bohm and David Takesue sharing February 7<sup>th</sup>; Steve Banich, February 8<sup>th</sup>, Ann Banich, February 9<sup>th</sup>; and Sylvia Stevens, February 23<sup>rd</sup>.

I look forward to hearing from you about signing up for the month challenge and I look forward to seeing you at the next Zoom meeting, February 9<sup>th</sup>.

Stay safe and continue to practice the 3W's!

### **This 'n That**

By Glorie McNay

We are diving into another year. Once we've had our vaccines we'll be driving into another year. As the vaccine becomes available to all and we return to some semblance of "normal" I wonder what "normal" will include of the changes we developed during the pandemic. Will we hug? Will we shake hands? Will masks be a normal accessory wherever people gather? Will disinfectant and hand sanitizers be readily available everywhere? Will the skies still be clear as a result of fewer cars on the road? Will we ever eat at a buffet again? I hope we can relax a little when we all develop an immunity, but I hope we retain some of the care and caution we have developed.

Register for the National in Palm Springs, I can't wait to see you all. I will miss seeing Dave Ewan, I think he has been at most of the Nationals I have attended, and he was a true supporter of the judges and tabulators meal program.

Very soon I will be asking you to help support the Judges and Tabulators Meal Program. I will be soliciting \$500 donations to help to defray the cost of feeding our dedicated volunteers. In the past, donors have received a poster with the signatures of the judges, tabulators, National Board and visiting dignitaries. All sponsors are acknowledged in the Convention Program.

All of our judges pay for their transportation, hotel and convention registration fees. The only reward these volunteers receive is a small commemorative gift and their breakfast and lunch on the days they are working.

If you or your Chapter or business would like to participate in the Judges and Tabulators Meal Program, please contact me.

### **January 12, 2021 NCC Meeting Minutes**

Chairman Sharyl Ingham welcomed members to the January meeting at 7:00 pm via Zoom and wished everyone a Happy New Year.

Before starting the meeting, Sharyl asked everyone to join her for a moment of silence for all the lives lost due to the pandemic.

Sharyl prefaced the meeting by saying she was delighted to see so many and then asked the

attendees to introduce themselves, stating their name, the city where they live, and the year(s) of their Corvette(s). Sharyl's question of the evening was: Is there anything new in your garage? Surprisingly there were no new C8's mentioned, and it turns out that many are true vehicle enthusiasts.

There were 28 attendees: including members from Alaska, Kansas, Nevada, South Lake Tahoe, and Southern California.

Secretary Report: Sandy Houck

The minutes of the December meeting were approved by the NCC Board via e-mail as submitted by Sandy Houck.

Treasurer's Report: John Tidwell

Sharyl asked John to give his report and then she told the members that John will talk about the revisions of Judging Manuals as well because of his knowledge of the process.

John reported that he met his goal for the Chapter to break even.

John then reported that there are five Judging Manuals: 53-55, 56-57, 63-64, 75-76, and 90-91 that are being revised. John explained the revision process. A point of concern that was discussed in great length was that none of the members know who is on the judging manual revision team, why is that kept a secret? Several of the members expressed an interest to participate but there has never been information how to sign up. John did go on to say that some team leaders choose not to share that information. At this point since nothing can be solved it was suggested that those members that have additional questions were encouraged to contact Dave Brigham, the National Judging Chairman, directly with their questions/concerns.

Membership: Sharyl Ingham

NCC has another new member, Steve Van Horn of Clayton. Sharyl thanked all for renewing. The Membership Application has been revised to say that, thanks to Chris Moore, there is now a link on the NCC webpage to make it easier to renew your dues.

Editor: Sharyl

Sharyl and Mike will continue to publish the Vettecetera until Marci is ready to resume. Marci is currently busy listing all their house and garage contents for their fire insurance claim. Sharyl thanked Mike for ALL his help.

Webmaster: Chris Moore

Chris showed and discussed the NCC homepage, [www.ncc.ncrs.org](http://www.ncc.ncrs.org)

He has updated and added links to the Membership Application and past Vetteceteras.

Chris also established a FaceBook page and is the administrator for NCC. To view the page, open your browser to [www.facebook.com](http://www.facebook.com) and search NCCNCRS. It is an interactive tool that anyone can view and post on. Please use it to talk about your car, post pictures of your car, talk about events, and provide Corvette-related information. We think you need to have a FaceBook account to use this but contact Chris for more info.

Chapter Top Flight Award (CTFA): Jeff Blakeslee

The CTFA program was cancelled in 2020. Jeff did say that all the requirements the Chapter completed in 2020's first quarter are grandfathered in for 2021. The NCRS Board will discuss the CTFA Program for 2021 on January 22<sup>nd</sup> at their meeting.

NCRS President and Region IX Director: Mike Ingham

Mike reported on two items:

The NCRS Board started virtual meetings in March. Zoom has enabled the Board to meet more frequently than normal. The December meeting minutes will be included in the next Vettecetera. The next Board meeting will be on January 22<sup>nd</sup>.

Mike reported that Dave Brigham has extended approval of online Judging Schools until the end of April. Wayne Yurtin has attended 18 online schools saying that they have been very useful. The downside is that most occur early in the morning on the West Coast. Bob Grauer also chimed in about the early hours of the schools. He also felt that the technical presentations have been very good.

Old Business:

None

New Business:

Meals on Wheels

Sharyl asked the membership for approval to continue donating to the Meals on Wheels Program in the four counties: Alameda, Contra Costa, Solano, and Yolo. The members approved the donation in the same amount as last year.

NCRS Annual Report  
 Sharyl is completing the Annual Report and asked for comments on two questions.

The first question was: "What assistance could our Chapter use from our Regional Representative?"

Some replied added financial aid would help.

The second question was: "What does our Chapter see as priorities for the NCRS National organization for 2021?"

Sharyl mentioned that last year NCC replied to increase membership and for the Board to develop a succession plan for the paid employees.

Glorie McNay suggested there should be internet access to National meetings so that members can attend or observe virtually.

**Quarantine Issues**

Bob Grauer suggested that NCRS should develop guidance for traveling to upcoming events. Since COVID-19 restrictions vary from state-to-state, members need to know the requirements and limitations.

Glorie McNay suggested planning additional precautions for the upcoming NCC Suisun City meet. Her suggestion was that if a large tent could be provided then all the activity can be held outdoors, meeting the social distancing requirements.

Southern California Chapter  
 Ed and Barbara Vignone said that SCC is expecting to go ahead with their Spring Meet scheduled for March 5-6. There will be virus protection instructions and equipment.

Sharyl read a letter from the Southern California Chapter to their members announcing their 40<sup>th</sup> Anniversary in September and that events will be planned. Included in this letter was a Commemorative Coin in appreciation to the members for their ongoing support.

Show and Tell:  
 None

Adjournment:

Sharyl announced that she is willing to send cotton masks that she has sewn throughout the 10 months to any interested members.

Again, Sharyl stressed the importance to keep practicing the 3 W's:  
 Wear your mask covering your nose and mouth,  
 Wash your hands often, and  
 Watch your physical distance.

She then thanked everyone for joining and apologized for the length of the meeting, explaining that at the January meeting there is always a lot of business to handle.

We will continue with Zoom meetings for as long as necessary.

The meeting adjourned at 8:40 pm.

Respectfully submitted,  
 Sandy Houck, NCC Secretary

**C-1 Fuel Filters for Carbureted Corvettes**

By Gary Hiltunen

A fuel system is comprised of many parts from the fuel tank to the carburetor(s)/FI unit. One of those parts on carbureted cars is the fuel filter unit. On C-1s this part had a die-cast alloy cover with a glass sediment bowl held together with a wire bale and tightening screw.

In this assembly, the fuel filter is identified in the Chevrolet Parts Catalogs by the nouns "strainer" or "element".

The fuel filter used on the '53 through '57 Corvettes was an AC-109-A, part #854273, as documented in the '53 - '54 parts book, Group 3.890 (Fig. 1).

The AC-109-A strainer is a unique-looking design with what appear to be laminated sintered bronze discs held together with two crimped studs (Fig. 3).

Figure 3

Sintered Metal is a solid product made by pressing metal powder into a coherent mass without heating the metal to its melting point. Sintered metals can be made from aluminum, copper, bronze, nickel, brass, steel, stainless steel, and titanium.

Effective on 8-1-57, the AC-109-A was discontinued and replaced with AC-GF-124, part # 854347 (Fig. 4).

Figure 6

The AC-GF-124 was also a sintered bronze filter, brownish in color with a rounded end. For the remaining C-1s, this was the OEM filter for carbureted cars. There were other filters available looking very similar to the AC filters. One of those is a filter by Fram, identified as CG3, which could be used to replace the AC GF-124. A comparison of the AC and Fram filters is shown in Figure 7. Note the lighter color of the Fram filter, which might be due to using a different (sintered metal) formula.

Figure 7

The GF-124 filter is still a current part and is listed as a service replacement for '53 to '62 Corvettes. However, it is now a paper element (Fig. 8).

Figure 8

For everyday use, the paper element is just fine. Even though it is not era correct, it does a better job of filtering. The sintered element filters down to 40 microns, while the paper element filters down to 10 microns.

  - iii. Las Vegas, NV, same site as used in 2018.

**4. Old Business.**

**a. NCRS Social Media Ideas – Shannon Urton.**

- i. Made administrator personnel changes.
- ii. Focused on recruiting more NCRS members.
- iii. Facebook should be the main vehicle for the NCRS social media campaigns.
- iv. Definition of success:
  - 1. Reaching new members.
- v. Need a marketing focus on all social media activities.
  - 1. Build brand awareness and boost engagement.
- vi. Mark Tulley suggested considering making NCRS YouTube videos available online.
- vii. Make NCRS cars-for-sale information

available via social media.

- viii. Dave Ewan suggested putting cars-for-sale information on Facebook.
  - 1. Should go on main pages.
  - 2. Needs to be coordinated by an I.T. person.
  - 3. Dave suggested contacting Gary Chesnut to start this process.
- ix. Shannon recommended involving a social-media knowledgeable person to coordinate and implement this program.
- x. Mike Ingham noted that a member of the Southern California Chapter makes short technical YouTube videos.

## Rivet Tools Available for Loan

I have two rivet tools available to loan out. This first tool is primarily intended for installing the rebound straps on C1's.

The second tool comes with a variety of heads for installing rivets of various configurations. If you would like to borrow either of these rivet tools please give me a call or send me an email. Contact Mike Ingham at 1-510-420-0968 or at [michael.ingham248@gmail.com](mailto:michael.ingham248@gmail.com)

## '58 - '60 Parts for Sale

For information contact John Kirkpatrick at: [johnk1942@yahoo.com](mailto:johnk1942@yahoo.com)

## C1, C2 & C3 Parts for Sale

Salvaged parts from the LNU fire in Vacaville in August. All parts need restoration/re-chroming/etc. but are in good condition otherwise. Prices are negotiable because most of these are just guesses. Some may be bargains, I don't know. If it doesn't have a price, make a reasonable offer. I have to get rid of these in order to clean up the mess so we can rebuild our home and shop.
