### The Scoop

By Sharyl Ingham

When I first started my role as Chairman for the Chapter I would end each of my meetings and columns with the 3 B's; Be safe, Be kind and Be grateful. I don't believe I have changed much, so isn't it ironic that I would end my columns now with the 3 W's? I am still an advocate of the 3B's and really throw around the "Be kind" aspect more so because showing kindness towards others is more important than ever nowadays.

At 7:30 AM on March 16<sup>th</sup>, I walked out of the hospital after my first dose of the Pfizer vaccine. I had a sigh of relief as well as a liberated and optimistic feeling. It is difficult to explain why I felt so good, and I wonder if I

am the only one that even felt anything like that after getting the vaccine. Since we are in this together and have been practicing the 3 W's for over a year, there is now a sense of the light at the end of the tunnel. We have all had to make adjustments, but remember, everything is temporary and not a forever thing so please continue to practice the 3 W's to the bitter end. More vaccinations are being made available so check your county and sign up. The more people that get the vaccinations the better we will be as a community.

Willow was featured on the CBS Channel 5 6:00 PM weather segment on March 30<sup>th</sup>. I don't worry about her getting a fat head over

her one minute of fame. Speaking of heads, I sit in on the NCRS Board Zoom meetings and I just want to let you know that there is a lot of work being done by this group of people. There is a lot of caring for you, the members, to get the organization up and running again and doing what you love, to be together and to show off your beautiful cars.

Our Spring Meet is this month, and we will follow the guidelines as outlined in the JRM to have a 3-point Chapter judging meet. There will be some changes in how we will handle things this year because of COVID-19, but for the most part let's look at this as a new learning experience. We will keep everything outdoors. You will be required to always wear a mask except of course when you are eating or drinking. I thank you beforehand for showing respect for one another.

Spring has sprung and April gets underway with Good Friday, April 2<sup>nd</sup> and Easter, April 4<sup>th</sup>. I think many of you will be able to be with some family this year whereas we were in lockdown last year. National Beer Day is April 7<sup>th</sup>. Beer is said to be the most widely consumed alcoholic beverage. Celebrate Earth Day, April 22<sup>nd</sup>, by planting a tree.

Please Join with me in extending best wishes to those members having birthdays in April, starting with Joe Calcagno and Chris Moore sharing April 6<sup>th</sup>; Marci Albers and Allen Tremain sharing April 8<sup>th</sup>; Kent Muhlker, April 10<sup>th</sup>; Paula Wulff April 12<sup>th</sup>; Ernie Bornstein and Janet Gower sharing April 14<sup>th</sup>; Chris Springer, April 16<sup>th</sup>; Laurel Howard, April 17<sup>th</sup>; and Linda Pierce April 21<sup>st</sup>.

We are soliciting our members for donations to the NCRS National Convention in Palm Springs (see attached letter). Remember, this is the first year that no Chapter is hosting the Convention. This is YOUR club and your Convention and the only way the National Convention Team can make it successful is by you, the volunteers, that step up to help.

We are not going to have any extra Convention apparel for sale at the Convention. However, if you are not planning on attending the Convention but would like to purchase a piece of Convention clothing, our apparel supplier, Dave Leash, will have them available on his website, ncrsapparel.com, shortly.

## **March 9, 2021 NCC Meeting Minutes**

Chairman Sharyl Ingham welcomed everyone to the March Zoom meeting at 7:00 pm. There were 27 attendees, including members from, Alaska, Kansas, Central California, South Lake Tahoe, and Southern California.

Sharyl asked for a moment of silence for all those that are no longer with us due to the global pandemic. As usual, Sharyl asked the attendees to introduce themselves, stating their name, the city where they live, and the year(s) of their Corvette(s). Sharyl's question of the evening was: Do you drive with both hands on the steering wheel? The interesting thing about this very simple question brought out several surprises. When everyone answered the question, Sharyl mentioned the recommendation for steering wheel control and positioning for those that actually drive with both hands on the wheel. As for Chris and Wayne that drive with their knees, there is no recommendation other than to not get caught!

Secretary Report: Sandy Houck  
Sandy reported that the February minutes were approved by the NCC Board and printed in the Vettecetera.

Treasurer's Report: John Tidwell  
John reported that 29 members renewed using PayPal or sending checks. He has been receiving registrations for the Suisun City Meet.

Membership Report: Sharyl Ingham  
There were no new members last month that joined NCC. That said, there were 4 new NCRS members that joined March 1<sup>st</sup> in the Northern California area and Sharyl has sent a copy of the Vettecetera welcoming them to the NCRS.

Editor Report: Sharyl  
Sharyl and Mike publish the Vettecetera. Please let them know if you do not receive it since members do look forward to reading the newsletter.

Webmaster: Chris Moore  
Chris uploaded the latest Vettecetera to the website. And he posted photos from the SCC Spring Meet.

Chapter Top-Flight Award (CTFA): Jeff Blakeslee  
Jeff was absent.

NCRS President and Region IX Director: Mike Ingham

There will be a Board meeting on March 12<sup>th</sup>. They will discuss possible Convention sites for 2024. The approved Convention location for 2022 is Mobile, AL, and for 2023 is French Lick, IN. The Board will also discuss charitable matching funds and virtual judging schools. Sharyl noted that pictures of the Convention apparel are on the NCRS website.

Old Business:

Update on Southern California Spring Meet: Barbara Vignone described the COVID-19 protections, the good attendance, and good weather. They provided boxed lunches and bagged donuts. Four cars were judged.

Joe LeMay's Solid Axle Corvette Club Road Tour on February 21<sup>st</sup> had 13 C1's and 21 cars total that drove the Ridge Route. This is the oldest road from Los Angeles to Bakersfield.

New Business:

Central California Spring Meet: Ron Bartow is planning on using the SCC experience as guidance for their upcoming Spring Meet in Nipomo. Ron mentioned that they are expecting four or five cars.

Suisun City Spring Meet Update: Sharyl and Mike described that all activities: judging school, judging awards, lunch, and raffle will be held outside. Currently more judges are needed. Three cars are signed up so far. Only Ribbons will be handed out. If you are a Judge or Tabulator and want a certificate, please let Sharyl know and she will mail one to you. We will try to set the raffle items up in the Conference room for viewing and on Saturday afternoon, the drawing will be outdoors.

National Convention Sponsorships: Mike said that so far major sponsors include Hendrick Motorsports and the National Corvette Museum Insurance program. He is soliciting additional sponsors by contacting those California Companies that advertise in the Driveline.

Sponsorship for Judges and Tabulators meals: Glorie McNay will start contacting her list of previous sponsors. A signed poster by the Judges and Tabulators was always given to the Sponsors as a thank you for their contribution in the past, but there is no safe way of doing that this year because of the pandemic so all Sponsors will be acknowledged in the Awards Program Booklet.

Show and Tell:

Joe LeMay has had various carburetor issues, taking it off and on a lot. He showed a stand that he built to facilitate working on the carburetor.

There will be an article in the upcoming Vettecetera, thank you Joe!

Joe Lucia showed a special and rare NOS negative battery terminal bolt. It was only used from late '69 to early '70. It is unusual because it is a 5/16"-18 thread, whereas the positive side is a 3/8" thread. Joe described that in late '69 GM was the first manufacturer to start using side terminal batteries and Corvette was the first car they used them in. They switched to the same size threads in '70. This led to a wonderful and insightful discussion, Thank you Joe!

Adjournment:

Sharyl thanked everyone for joining the meeting and again mentioned, even though people are getting vaccinated, it is still important to practice the 3 W's:

Wear a mask,  
Wash your hands,  
Watch your distance.

The next chapter Zoom meeting will be April 13<sup>th</sup> at 7:00 p.m.

The Zoom meeting adjourned at 8:00 pm.

Respectfully submitted,  
Sandy Houck, NCC Secretary

Here's hoping you are all getting your shots. We've gotten ours and are a month out. That gives me an optimistic outlook. The doctors, nurses, families of COVID-19 patients, friends, therapists, delivery people and just about everybody who wore a mask and still does, washes their hands, and respects social distances, are our HEROES! We have seen first-hand the ravages of COVID-19 and pray that herd immunity is imminent. Please

continue to be diligent. We are looking forward to seeing all of you. Our Chapter (NCC) will be having a meet this month and I will open all the boxes to see what I will be raffling. It's been so long I have no idea what's in the boxes. It is wonderful that we can carefully gather again. See you in Suisun City or Scottsdale in May and hopefully in Palm Springs in July.

**WCFB Carburetor Stand**

**By Joe LeMay**

From the first time I saw the carburetor stand in the WCFB manual, I wanted one but never saw one listed anywhere. I have had my carburetor sitting on the bench more times than I wish to consider. It was always a balancing act. That was until I created my own carburetor stand. Also, if you are working just on the base, you can turn it upside down and work on that part too.

Take a sheet of whatever composite material you have available. Then use four fully threaded bolts (5/16 -18) about 3" long and 12

nuts to create your own. You will wonder why you did not build one sooner.

## 2021 NCRS CONVENTION SPONSOR COMMITMENT:

The National Convention in Palm Springs will be very costly. We don't often ask our own membership to make a donation, but this year is different. We are hoping that each member of the California Chapters becomes an individual sponsor with a minimum donation of \$25. We always seem to rely only on the major Sponsors but we, the members, should take some ownership as well. This is your club!

Just to give you an idea of the costs per day for the Judge's and Tabulator's meals, breakfasts and lunches are about \$2500. When Glorie solicits sponsors, she is usually asking for a \$500 donation to help defray these costs. To her credit she does a smash up job by at least getting three sponsors per day.

What is your pleasure?
